Docket No.: 2005P12932US App. No.: 10/039,292

Amendments to the Claims:

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

1-38. (Canceled)

39. (Original) A method in a video server for modifying video to be sent to a user on-demand, the method comprising:

receiving from the user a request to send the video to the user;

retrieving profile information for the user;

modifying the video by adding ATVEF information to the video based on the retrieved profile information of the user; and

transmitting the modified video to the user.

- 40. (Original) The method of claim 39 wherein the modifying includes evaluating rules to determine whether the video should be modified.
- 41. (Original) The method of claim 39 wherein the video is an on-demand movie.
- 42. (Original) The method of claim 41 wherein the modifying occurs dynamically as the movie is being transmitted to the user.
- 43. (Original) The method of claim 39 wherein the video includes frames and the modifying occurs dynamically on a frame-by-frame basis.
- 44. (Original) The method of claim 39 wherein the ATVEF information relates to purchasing an item that is related to the video to be transmitted.

Docket No.: 2005P12932US App. No.: 10/039,292

- 45. (Original) The method of claim 39 including wherein the modifying is based on an analysis of closed caption information relating to the video.
- 46. (Original) A method in a content server for enhancing content being broadcast, the method comprising:

receiving the broadcasted content:

retrieving profile information related to a destination to which the received content is to be transmitted

adding ATVEF information to the received content based on the retrieved profile information; and

transmitting the content with the added ATVEF information to the destination.

- 47. (Original) The method of claim 46 wherein the adding of ATVEF information includes modifying ATVEF information included in the received content.
- 48. (Original) The method of claim 46 wherein the adding of ATVEF information includes adding ATVEF to content that does not included ATVEF information as broadcasted.
- 49. (Original) The method of claim 46 wherein the added ATVEF information is based on analysis of closed caption information.
- 50. (Original) The method of claim 46 wherein the content includes frames and the ATVEF information is added on a frame-by-frame basis.
- 51. (Currently Amended) A method in a video server for modifying video to be sent to a user on-demand, the method comprising:

receiving from the user a request to send the video to the user;

retrieving profile information for the user;

dynamically adding interactive content information to the video <u>based upon</u> the profile information; and

Docket No.: 2005P12932US App. No.: 10/039,292

transmitting the video with the added interactive content information to the user.

- 52. (Currently Amended) The method of claim 51, <u>further comprising</u> wherein the medifying includes evaluating rules to determine whether interactive content should be added to the video.
- 53. (Original) The method of claim 51 wherein the video is an on-demand movie.
- 54. (Original) The method of claim 51 wherein the video includes frames and the adding occurs on a frame-by-frame basis.
- 55. (Original) The method of claim 51 wherein the interactive content information is ATVEF information
- 56. (Original) The method of claim 55 wherein the ATVEF information relates to purchasing an item that is related to the video being transmitted.
- 57. (Original) The method of claim 55 wherein the ATVEF information relates to descriptive information regarding the video.
- 58. (Original) The method of claim 51 including wherein the adding is based on an analysis of closed caption information relating to the video.
